

Meet the
future!

What?

A year-long programme of events celebrating and demonstrating Heriot-Watt's pioneering research at the forefront of robotics, artificial intelligence (AI) and human-robot interaction.

Why?

Our strong research in this critical area makes us uniquely placed to guide policy, society and industry on the fast-moving advances, opportunities and ethics of robotics and AI.

We want to?

- inspire new generations of students, academics, engineers and designers
- showcase our expertise, research, innovation and enterprise
- profile our interdisciplinary and inventive approach
- encourage research and enterprise collaborations
- ignite interest and educate

Who's it for?

Everyone! Different events for all ages and interests from schools to industry – see our event programme for details.

Where?

Events at the UK, Dubai and Malaysia campuses, at the European Robotics Forum 2017, in the Edinburgh International Science Festival, at the Scottish Parliament.

YEAR OF ROBOTICS

2017

YEAR OF ROBOTICS

Events 2017

Date	Event	Location	Audience
February	Girls in Computer Science	Heriot-Watt University	Schools
March	International Women's Day: Women in Robotics	Heriot-Watt University	All
March	British Science Week - Guides and Brownies meet the Robots	Heriot-Watt University	Age 7-15
March	European Robotics Forum	Edinburgh International Conference Centre	Industry and Academics
March	Multilingual Debate	Heriot-Watt University	Schools
April	Edinburgh International Science Festival	Various venues	All
June	Robotarium Launch	Heriot-Watt University	Industry and Academics All
June	Innovation Nation	Edinburgh International Conference Centre	Schools and Adults Industry and Academics
August	Cabaret of Dangerous Ideas	Edinburgh Fringe	Age 12+
September	Doors Open Day @ the Robotarium	Heriot-Watt University	All
September	Meet the Robots @ The Explorathon	Various venues	All
November	Robots of the future	Scottish Parliament	All
December	Robotastic – Celebrating the Year of Robotics	Heriot-Watt University	Schools, Industry and Academics
